## About Alina Lodge

Alina Lodge is a long-term substance abuse treatment facility nestled among the beautiful state parks and forests of rural New Jersey.

At Alina Lodge, we understand that not every individual struggling with addiction benefits from a standard 28-day course of treatment. This is why we have designed programs that give our students a strong foundation for lasting recovery over the course of a 3 to 9-month stay.

Our focus on **integrity, compassion**, and the importance of **time** ensures that each of our students gets the tools they need for genuine, long term sobriety.

*Alina Lodge is honored to be the beneficiary of this event provided by the Mattar family and are deeply grateful for your support.*

Dear Friends of the Mattar Family,  
Please join us on Monday, October 5, 2020, for a  
celebration and remembrance of the life of  
Malinda Mattar  
at Panther Valley Golf and Country Club.

From a young age Malinda was full of spirit, strength, kindness, and love. She was known for her athleticism, always running the fastest mile in her class and even beating all the boys in the number of pull-ups she could complete. Malinda loved the outdoors and had a true passion for all animals. She enjoyed hunting, fishing, snowmobiling, kayaking, and a variety of adventurous Activities that connected

her with nature. Horses and 4-H became a significant part of Malinda's life, and she grew into adulthood with her first pony Nigel. Horse shows, the 25-mile trail ride competition, 4-H horse camp, and the Warren County Farmers Fair all became the highlights of her summers.

Malinda's struggle with opioids started at age 16, beginning with prescription painkillers and ultimately advancing into a 9-year battle. During these 9 years, Malinda fought hard for her life. She attended a number of rehabilitation treatment centers all over the country for varying lengths of time and although she was able to experience periods of sobriety, she struggled with permanently overcoming this demon. For her entire adult life Malinda fought to find peace in a sober, fulfilling life and she couldn't have done it without the unwavering support of her parents Mattar and Linda who never gave up on her or her battle.

Despite the demons she was battling, Malinda was always willing to help others and show kindness and love to people in all walks of life. In her short 25 years of life, Malinda was able to touch the lives of so many people around her. Her imprint on this earth is truly unforgettable. In the last months of Malinda's life, she had found hope through treatment at the SOBA College Recovery Center. For the first time in years, Malinda was returning to her old self. She became dedicated to her health and sobriety. For a short while, she seemed truly happy and was simply glowing. For the first time as an adult, Malinda was finding joy in being sober, so close to achieving the happy and fulfilling life she always wanted and deserved. However, on August 27, 2018 Malinda succumbed to her demons one last time, resulting in the loss of her beautiful life here on earth.

Malinda lives on in spirit, carried in the hearts and memories of all of those she touched in her short but vibrant life. Malinda is among the animals and trees she loved so dearly, finally at peace and able to rest alongside her ancestors surrounded with the comfort and protection of Mother Earth.
