

ALINA LODGE

Founded 1957

Alina Lodge is legendary for its no-nonsense structured approach to treatment.

We are pleased to carry on that tradition and provide the same core program today, with comprehensive individualized treatment.

We enhance that program with specific modern modules to help those seeking sobriety in today's world, including pain management, trauma and process addiction treatment.

We hope you can join us for a wonderful educational and networking opportunity.

HALEY HOUSE

Women's Transitional Living

Haley House offers a new beginning for women seeking recovery in a supportive, nurturing environment. Our beautiful new 14 bed transitional living home provides women a dignified residence with a clinically driven 12 step based program to foster healing and growth.

Our home is open to women, 18 years and older, who have successfully completed primary care and choose to embrace the 12 step philosophy of recovery.

Our program is dedicated to addressing the needs and concerns of each woman. We help them transition smoothly toward a living fully integrated, sober life.

DR. PHILIP HEMPHILL

Chief Clinical Officer
at Lakeview Health

Dr. Hemphill is the Chief Clinical Officer at Lakeview Health in Jacksonville, FL. He has served as the Director of the Professional Enhancement Program at

Pine Grove Behavioral Health and Addiction Services for 12 years. He was responsible for the management and clinical supervision of professional patients in an intensive outpatient/residential setting struggling with addictive and personality disorders. He assisted with evaluation, treatment planning, direct clinical care, fitness for duty issues, staff training, vocational and professional reintegration, workplace monitoring, staff development, coaching, and administrative management of the program.

He has presented papers and workshops at national conferences and published articles in the field of trauma, personality disorders, and addictions during the past 25 years.

He has been an adjunct professor at Tulane University School of Social Work for the past 17 years and Assistant Clinical Professor at LSU Health Sciences Center, Department of Psychiatry for the past 15 years.

Objectives - Participant will be able to:

- Learn effective professional boundaries and coping strategies for self-management
- Increase personal and professional self-awareness
- Identify relevant considerations when professional obligations conflict or ethical uncertainties arise
- Establish a set of specific ethical standards to guide one's practice
- Gain strength in identifying core values and stressful life circumstances
- Develop cognitive and emotional skills to help manage future professional stressors and circumstances
